# CORNING MUSEUM OF GLASS

## Information for Motor Coach Drivers

Welcome to The Corning Museum of Glass. This page outlines processes for motor coach drop-off and pick-up, located behind the Museum. The group tour check-in location marked on our motor coach map (p. 2) changes seasonally. If you have any questions about where check-in will be when your group is scheduled to arrive, please contact us.

## Drop-off/Pick-up

**Motor coach drop-off and pick-up will take place in the Museum's main parking lot, adjacent to the Museum Courtyard (look for the red hot-spot sculpture). Follow signs to bus parking.**

### 1 Drop-off/Pick-up

Motor coaches will remain in the drop-off area long enough to unload all passengers. Drivers are to utilize the signs along the curb to guide them. Drivers are to stay on the motor coach while in the drop-off area. **Prior to unloading, a pick-up time needs to be communicated to tour guides, passengers and Museum staff. When all passengers are unloaded, motor coaches must leave to park at the Museum's Welcome Center, just one block away. Pick-up is located in the same area as the drop-off location. Loading must be completed in 10 minutes or less, with no exception. Drivers may not get off of the bus in the loading area.**

### 2 Directions to Welcome Center Parking

- Drive through the Museum's parking lot to the exit
- Turn left onto Museum Way
- Turn left onto Centerway (at light)
- Just after second light, turn left into The Corning Museum of Glass Welcome Center parking lot
- Take an immediate right into the designated bus parking area
- Back into the parking space

## Driver's Lounge

At the Welcome Center, bus drivers have access to an air conditioned Driver's Lounge, which is equipped with a television, free wi-fi, and complimentary tea, coffee, and water.
